Graduate Programs

Graduate international students must show they have finances for the entire length of their program. Please be advised that there is limited campus housing available for any graduate program.

All of Manhattanville’s modular graduate programs require full-time enrollment for visa issuance, which is two courses per module at six (6) credits each and four modules per year, no breaks other than institutional holidays. The program is completed in 18 months. Three courses per semester or nine (9) credits is considered full-time for the Sport Business Management program. Please note the TOEFL requirement for graduate admission is 85 IBT or 550 PBT.

2016-2017 costs are as follows
$32,940.00 = Tuition 36 credits @ $915 per credit
$18,000.00 = Living Expenses $1000 per month (does not include summer)
$46,260.00 must be documented for F-1 visa

Note: Business Leadership program is 39 credits.
If a sponsor is providing housing, then additional documents (cash support or housing) need to be completed and notarized. Living expenses will be then reduced to $500 @ 18 months = $9000.
Qualifying for your I-20

The Certificate of Eligibility is also known as an I-20. It is the document that allows you to get your student visa. Being accepted into an academic or English language program is the first step in the process; finances and intent are the second steps. Being accepted into a program does not guarantee an I-20 or a student visa.

The U.S. government requires that we be absolutely sure, to the best of our ability, that you demonstrate enough financial (cash) support to cover the costs of your program for one academic year (scholarships included) and to provide a plan for how you can afford each following years’ costs. Please use this link to download forms to document your finances: Int'l Certification of Finances Information and How do I demonstrate financials for an I-20?

All students getting an F-1 visa must also pay the SEVIS 901 fee. Students must pay this themselves prior to their visa application and interview - for more information click this link. Remember to attach your I-901 receipt to your I-20 before your interview.

If you are transferring from a U.S. college or university, your SEVIS records need to be released to the College before we can create an I-20 from Manhattanville. The Transfer Clearance Form needs to be completed by you the student and then given to the International Student Advisor from your previous school. Make sure you sign the top part before giving it to your International Student Advisor.

Payment Plan

Manhattanville has a tuition payment plan with Tuition Management Systems. For $50 you can break your annual fees into 10 monthly payments with no interest. Additional fees for credit card payments - none if auto payments are from a US account.
